January 13, 2005

Dear Sir or Madam:

This letter will serve as a 30-day notification pursuant to Section 6 of the Dietary Supplement Health and Education Act of 1994 that NBTY Inc. is using the following statements on our Acetyl L-Carnitine supplements under the PhysioLogics brand name:

- Supports Memory and Brain Function
- Use as part of a healthy aging program
- Acetyl L-Carnitine is similar in form to the amino acid L-Carnitine and plays a role in the metabolism of food into energy.
- The acetyl group of Acetyl L-Carnitine contributes to the production of the neurotransmitter acetylcholine, which is required for cognitive function.
- Studies indicate that Acetyl L-Carnitine helps promote memory, and can be used as part of a healthy aging program.

The above statements are accompanied by the required disclaimer pursuant to Section 6 of the Dietary Supplement Health and Education Act.

Sincerely,

Angelica S. Vrablic, Ph.D.
Manager, Nutrition Research
